

## Bottomless Signs Repeat of Senior Citizens' Grant

By HAROLD C. OGBORNE

BOISE, Feb. 6 (U-P)—Gov. C. A. Bottolfson signed House Bill 74, repealing the senior citizens' grants initiative act, called upon the legislature to increase the 1911-42 appropriation for public assistance by \$1,000,000 and asked for an interim legislative committee to study the pension plan.

Appearing in person before a joint session of the legislature, the governor read a bill he has signed the bill killing the \$40-per-month pension plan approved by 75,000 voters at the polls just three months ago.

"The people of Idaho," he summed up in his own message, "must realize that for the duration the senior citizens' grants act has joined with all other patriotic endeavors and gone to war."

Duty to sign  
"I feel I would be derelict in my duty if I were to let the proposal to a measure which, if financed with the funds now available and granted among the larger number (expected) recipients, would actually reduce the amounts the needy need receive."

"I cannot feel that the potential recipients under either the present bill or the measure before me are a number who would benefit were the Idaho senior citizens' grants act to become a law. The measure to sacrifice a large portion of their income merely to see the senior citizens' grants act in operation," he explained.

The governor declared that careful investigation of the proposal and the funds available for its support at this time have convinced him that because of the increased number of recipients of previous pension under the senior citizens' grant act, the amount of the grant recipient would be smaller than under the present program.

The governor's appearance was arranged for a joint session of the legislature in the House chamber at 11 a. m. in telephone conversations with Sen. Robins, R. Boise, president of the senate, and Rep. Morris, R. Latah, late last night.

## 26 JAP PLANES ARE DESTROYED IN NEW GUINEA

By TOM YARBROUGH

ALLIED HEADQUARTERS IN AUSTRALIA, Sunday, Feb. 7 (U-P)—In the biggest single day's air battle to date in the southwest Pacific, 26 Japanese planes were destroyed and 15 damaged over New Guinea, yesterday. Not a single allied fighter was lost in the fierce dogfighting which lasted all day.

The allied fighters were 9 fighters, Albatrosses and Kittyhawks, their victims were zeroes and medium bombers.

It was an all-out attempt by the Japs to lure New Air Force fighters around which ground fighting has been continuing on a small scale for several days. There was no ground fighting, however, and the Japs' air attack and fighting was limited to patrol activity.

Covering Wide Area  
Fighting occurred over a wide area around Wewak, which is 25 miles southwest of Salamaua. The planes attacked at altitudes of 10,000 and as low as 2,000 feet, with planes swirling and rolling like gypsies in the air.

This air battle was supposed to take place by the great three-day air battle which was supposed to take place on New Guinea, Jan. 6 through Jan. 9, when 125 enemy planes were downed or damaged.

Next Battle Scene  
The Salamaua-Lake sector, just above Wewak, is regarded as the next likely area for ground fighting, the fall of the Japanese peninsula to the south of the allies.

In the air, support of the Salamaua-Lake sector, General Douglas MacArthur's bombers went back today to bombard the Japanese air base at Salamaua, which was recently reinforced with 100 bombers.

One of the heavy bombers spotted a 200-ton barge with supplies of rice and other foodstuffs, and attacked it. Wewak, last night, the vessel was moving at reduced speed with smoke testing from the bow.

On Canned Milk  
WASHINGTON, Feb. 6 (U-P)—The rationing of canned milk was being made, will begin in about three months.

Shortages of evaporated milk have been reported in many districts, due partly to large quantities of milk being used for infant and child services and feed-lots, and raising has been reported here as well.

Under the rationing of milk, the rationing board will be in charge of the rationing board. The rationing board will be in charge of the rationing board. The rationing board will be in charge of the rationing board.

## Army Answers Complaints on Soldier Songs

MIAMI BEACH, Fla., Feb. 6 (U-P)—General Freddie of Miami Beach filed written complaints recently about the early morning singing of the troops in training here.

"The singing will continue," he said, "but please arise at the first round of military activity each morning and get down on your knees with all the members of your household who are disturbed thereby, and offer those who are singing American songs in American streets."

"However, please arise at the first round of military activity each morning and get down on your knees with all the members of your household who are disturbed thereby, and offer those who are singing American songs in American streets."

## RUSSIAN ARMIES NEARING ROSTOV IN SOUTH DRIVE

By The Associated Press

The red army stormed forward at the last German defense of the last south of the Don today (Sunday) and sent flying columns southward toward the Kerch straits to cut off the seaward escape of a large Nazi Caucasian army already virtually caught in a Russian pincer by a lightning thrust to the sea of Azov.

A special line communication reported last Saturday night that Soviet forces had broken through the German defense of the Kerch straits, cutting the German off in the Caucasus, and for further communication early today said columns were turning south toward the Kerch straits.

The capture of Kerch, 50 miles from Rostov, was announced. Already Yevs on the sea of Azov in the Russian Caucasus, and Russian forces, effectively trapping the survivors of the last army of 200,000 soldiers near Rostov.

## U.S. General Chosen To Head All African Fighting Operations

HEADS ALL AFRICAN FORCES

By WEN GALLAGHER  
ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 6 (U-P)—Lieut. Gen. Dwight D. Eisenhower was named commander-in-chief of all allied forces in a new North African theater of operations set up today.

Although the Eisenhower announcement made no mention of promotion in rank to a full general, authorities said that forces of Gen. Sir Bernard Montgomery entering this theater would come under his command.

So far as the United States forces were concerned, the redefining of the theater was virtually completed by the appointment of Maj. Gen. Lewis H. Brown, commander of U. S. forces in the middle east, as commander of all American forces in that area.

# CIO MAKS PLANS TO DEMAND UPWARD REVISION IN WAGES

## BOOST ASKED IN STEEL FORMULA

By HERBERT HILMAN - WASHINGTON, Feb. 6 (AP) - The executive board of the Congress of Industrial Organizations, following up the formation of a coalition of 10,000,000 organized workers in the nation's industries, today was expected to demand at least a 10 per cent upward revision of the war labor board's "little steel" formula.

The board concluded a two-day session today. Yesterday's meeting ended with the announcement by CIO President Philip Murray that four labor organizations—the CIO, the American Federation of Labor, the National Industrial Conference Board and the National Farmers Union—have agreed upon a plan to coordinate in a light against a congressional "anti-labor" bill which would make it possible for the government to sue labor unions for damages.

The CIO announcement concerned the "unholy alliance" of congressmen of serving notice of intention to "sabotage" labor. The CIO said it would immediately call for a "counter-measure" of the United States by "toughening" any consideration of national defense, war policy, national unity and health for war workers and by attacking labor and reducing labor standards.

CIO officials declined to state how much of a revision in the "little steel" formula would be sought. But they emphasized that they thought wages should be increased sufficiently to meet the cost of living in the cost of living since Jan. 1, 1941.

The WPA's formula placed a ceiling on wage increases—33 per cent over levels prevailing on Jan. 1, 1941. But the board is not bound by all or any part of that increase and would even consider higher ones if it thought inequalities and maladjustments existed in specific cases.

Labor officials complain that the wage formula was set up in May, 1942, and does not therefore take into account a substantial increase in living costs since then.

Evacuees to Sign For War Efforts HUNT, Feb. 6—Registration of all residents of the Minnesota relocation center in 1943 will begin Monday, Feb. 8, as the first step of a program to use loyal Americans of Japanese ancestry in the war effort.

Many citizens between the ages of 17 and 21 will be offered an opportunity to serve in a combat unit of American citizens of Japanese ancestry to be formed for active service in a theater of war. This plan was announced last week by Secretary of War Stimson.

Japanese-Americans men who do not desire to volunteer for induction into the army are beyond military age. American-born girls and women of Japanese ancestry and males of Japanese ancestry who do not wish to be considered for service in agriculture and in plants producing war materials. Citizens fit for military service who do not wish to volunteer for induction now probably will be taken into the service in due time.

First Day Brings \$2,775 in Bonds War bonds amounting to \$2,775 were sold Saturday in the first day of the operation for the Lions club booth at the Orpheum theater which will be open afternoons and nights at that place through Feb. 13.

## BOMBERS WRECK LINES IN BURMA

ROMNEY, Feb. 6 (AP) - U. S. heavy bombers have wrecked Japanese communications between north and south Burma as completely as the enemy has been completely to re-establish his defensive forces, while an effort is made at repair.

Two weeks ago Maj. Earl L. Tash, U. S. Army, was killed in an attack on the Myittha railway bridge near the town of Myittha, just south of Mandalay. The bridge was destroyed and the railway line was cut.

The Japanese had built a new bridge on the Myittha railway line and it was being used to transport supplies to the front. The bridge was destroyed and the railway line was cut.

# OPPET'S CEILING PRICE FOR SHIPPERS OF SPINNS

## RETAILED TO BE ALLOWED MARGIN

WASHINGTON, Feb. 6 (AP)—The office of price administration today set ceiling prices for country shippers of early and mid-season potatoes for imported dry onions, and for early and mid-season potatoes.

Shippers will establish prices to the importer on the basis of fixed margins over net cost. The new prices will reflect normal seasonal premiums over prices for main fall crops, it was said.

The maximum prices for all varieties of early dry onions except white, in all states and producing areas, range from \$2.40 per 50 pounds for those harvested in the period Feb. 8 through March 1, to \$1.60 per 50 pounds for those harvested from June 1 to June 30.

### May Add 15 Cents

For white early dry onions, the country shipper may add 15 cents per 50 pounds to the applicable maximum. For early dry onions, white, yellow or white, peck variety, he may add \$1 per 50 pounds. Where early dry onions are imported, the importer's margin is provided for the purchaser, the country shipper must deduct 15 cents per 50 pounds from the applicable maximum.

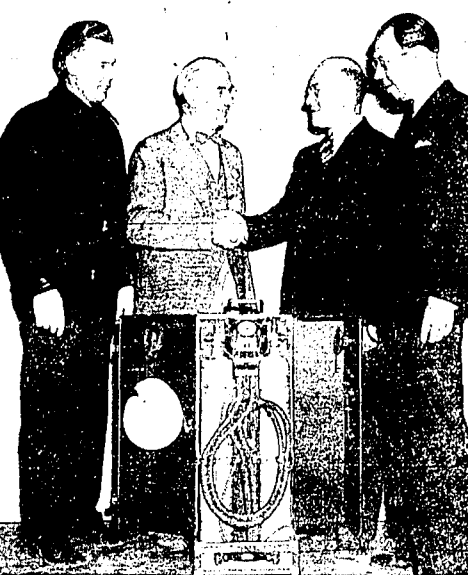

The OPA said that in the case of early dry onions, the maximum price shall be that established for domestic dry onions for the period in which the imported onions are offered for sale.

### Potato Tops

Prices set for early white potatoes in the south Atlantic, southern central and western producing areas range from \$2.10 to \$2.50 per 100 pounds except from Florida to Texas, where the range is from \$2.10 to \$2.75. Prices for red normal area differentials and apply only to early white potatoes, not in bulk or in containers, provided by the purchaser, the country shipper must deduct 15 cents per 100 pounds from the applicable maximum.

OPA said both the onion and potato prices, except the former at 15 cents per cent of parity.
